The purpose of this School Development Plan is to review and evaluate the work of the school, and so drive the key areas for school improvement over the coming year. Priorities are directed to raising achievement and embedding high standards in teaching and learning, supported by the effective use of the school budget.

School Self Review and Evaluation

The outcomes of the school's self-evaluation and review are key in identifying the priorities for future development and support the school's priorities for improvement. The self-review and evaluation process at this school include the following:-

- Peer to Peer school reviews
- LA School Improvement visits from consultant and advisor
- Pupil tracking and the school's assessment procedures
- Regular parent consultations
- National priorities and initiatives
- Feedback/questionnaires from staff, parents, governors and children

Monitoring of the School's Development Plan
