<b>3. Reason for closure</b>	
3. A statement explaining the reason why closure of the school is considered necessary.	3. The closure of Ann Bernadt Nursery School is considered necessary because it is no longer financially sustainable. The pupil roll has fallen consistently over the past five years resulting in reduced funding which the school receives based on pupil numbers. From the start of the next academic year, the funding gap due to falling pupil numbers is anticipated to be approximately £300,000, incurring further debt every year thereafter, due to the number of vacant places if the school remains open. The Council believe that, were Ann Bernadt Nursery School to remain open, a reduced staffing model would be required from September 2024, which would not enable children to continue receiving the high quality education they deserve and need.

A statement and supporting evidence about the impact on the community of the closure of the school and any measures proposed to mitigate any adverse impact (cont'd)</p>	<p>8. The decision to propose closure of Ann Bernadt Nursery School has been taken to protect the education of children attending the school, and ensure that, should the school close they can have a managed transition to other local schools. Southwark Council is working in partnership with the school as they move through this statutory process. Southwark Council acknowledge that the closure of the school will have an impact on the community, and by many families/local residents due to the significant, community links and emotional ties developed at Ann Bernadt Nursery School. However, given the significant level of capacity at high quality schools in the locality and across Southwark as a whole, families will be able to access alternative school places in the community. The closure of Ann Bernadt may enable</p>

This would help to mitigate against any increase in car use, as no more car journeys will be necessary than at present.
